

# Rick and Lori Lampen

## Kaylynn

The Lampens have served as medical missionaries in Bolivia, South America, with World Gospel Mission since 1994. Rick now serves as WGM's field director to maintain legal compliance with the Bolivian government. The role of field director also includes brainstorming with missionaries about future ministries, coordinating with the WGM national church, and providing daily direction for effective outreach.

Rick is also helping to develop a new medical outreach to homeless kids who live on the streets of Santa Cruz. The goal of this ministry is to get these kids off the streets and into a halfway home where they will be shown and learn about Christ's love for them.

Lori is involved in discipling women and also serves as an elementary chaplain at Santa Cruz Christian Learning Center.

Kaylynn is a 2010 high school graduate and will attend Indiana Wesleyan University in the fall.

## Santa Cruz, Bolivia
